BERKELEY, CAL., WEDNESDAY NOVEMBER 27, 1895.

NUMBER 15.

LOST HIS GOOSE.

A NEWSBOY'S THANKSGIVING DIN- NER WAS

Purloined by "Fat Jim," a Brake-
man Who Runs on the Same
Train.

In Hard Luck.

Some few weeks ago the GAZETTE gave an account of "Newsy," the kid on the Berkeley local, being robbed of his overcoat and a few dollars in coin, but this time it is not of an overcoat that he has been robbed, but a fine, fat wild goose that was presented to him by one of his many patrons on the train for Thanksgiving. "Newsy" informed a GAZETTE reporter that this time he was mad, and immediately after the theft of the goose he put a "sub" on in his place, and began to hunt around for the man that purloined his goose. He had his suspicions, and last evening was rewarded by finding the feathers of aforesaid goose in the back yard of "Fat Jim," the brakeman.

Female Suffrage.

Phoebe Cousins, who has been a life long worker for female suffrage and has recently abandoned the idea for the purpose of working for the bimetalists, says:

"When the test comes women do not stand for what they call the moralities. I leave out the question of the relation of the sexes, except to say that for every immoral man there must be an immoral woman, and so far as my observation goes there are as many good women as good men and no more. Inexperienced women who make the bold assertion from the platform that men are immoral cannot be conscious of the weight of their words. They do not intend such strictures shall apply to their fathers, brothers, husbands or lovers, but the male relatives of other women."

W. B. P. Club.

Other attractions appeared to draw the attention of the members elsewhere last evening, as they did not all appear at the regular meeting. However this did not deter those present from discussing matters in an informal manner after the regular routine business. Much of the matter talked about was not for publication just now. Suffice it to say it was in the town's interest.

The active members of the club intend not to let West Berkeley's interest go by default. They intend to keep everything interesting before the people at the proper time until the voters are properly worked up to a pitch of enthusiasm. It is also intended to make West Berkeley a progressive end of the town so that it may have equal strength with other portions of Berkeley in carrying out internal improvements.

Convict Competition.

There is not much doubt but what the rumor that convict made goods are being sold in California to the detriment of our own working people is true. The Manufacturers and Producers Association has taken the matter in hand and will soon find out all the facts about it. Any dealer in these goods should have his name given to the public so that they may have the privilege of patronizing him or not.

Real Estate Transfers.

George A. Beauston to Melissa J. Beauston (wife of Peter) lot 7, block B, Golden Gate Homestead, gift.

John H. and Elizabeth A. Warren to George Goodman, lot 8, block D, Carrison tract.

Andrew and Eliza Mitchell to John, W. A. Mitchell and Elizabeth Parker (wife of E. J.) lots 18 to 23, block 36, tract B, B. L. and T. I. Ass'n.

John Lowe to Michael P. Kennedy, lot 12, block 8, T. M. Antisell tract.

Jack Brady was sentenced to imprisonment for life by Judge Davis yesterday. He will go to Folsom, although he asked to be sent to San Quentin.

Caned.

At last J. H. Murray, the popular proprietor of the Golden Gate saloon received just what he has been aching for for sometime. It seems Jack, as he is called, has been grumbling for quite a while, and the news coming to the ears of Dr. Bredhoff, that physician made up his mind to cane him, and sure enough last evening Jack was presented with a beautiful walking cane of manzanita wood with the compliments of the doctor. Needless to say Jack was not backward in coming forward, but immediately asked the doctor and some other friends to join him in a bumper of Pomeroy Sec.

Miss Sadie A. Kennan of Haywards was in town visiting friends day before yesterday.

Turkeys are cheaper this year than usual. They have been selling, whole sale, for twelve cents a pound. Today fourteen cents were asked.

More space is given to athletic exercises, particularly those indulged in by University students, in the cosmopolitan journals nowadays than to any other kind of education.

Unless we have some exceedingly cold weather during the next few weeks the grass will come up very rapidly, the rains of this morning giving it a fine start.

The Manufacturers' and Producers' Association held a meeting yesterday to take into consideration the threatened invasion of Japanese made goods into the American market.

The youngest of the three daughters of the Prince and Princess of Wales, who was lately betrothed to Prince Charles, second son of the Crown Prince of Denmark, was twenty-six years old yesterday.

Attorney DeGolia is still enquiring into the condition of the minds of the grand jurors at the time they indicted Myron Whidden, and he will probably not be through until next Tuesday or Wednesday.

The funeral of Constance Hutchinson took place at noon today from her late residence on the corner of Ashby avenue and Ellsworth street, and was largely attended by numerous friends and acquaintances.

The new freight rate caused by competition between San Francisco and Portland, Oregon, will go into effect on Monday next when it is probable that the price will be \$1 per ton. The Southern Pacific Company has announced a \$2.50 rate.

A fire occurred yesterday in the hay warehouse of Scott & McCord, East street, San Francisco, destroying about \$10,000 worth of property. This is the third fire in the same premises during the last three years.

There will be no services in the different churches in town tomorrow, as the different pastors and their congregations will take part in the services connected with the laying of the corner stone of the new First Presbyterian church, on Allston way.

The storm yesterday passed over the States of Missouri, Ohio, Michigan, Indiana and New York. It was an extremely heavy one for this time of year, and seriously interfered with communication in all directions.

If our readers will just glance over the columns of the GAZETTE each day they will find that not a day passes but what one or more new advertisements make their appearance. It pays to advertise and in the columns of this paper is the place to put the announcement of your business.

The Holmes Free Library has been ordered closed by the Board of Directors. No more books will be loaned out. President Waste says there is no income to support it as individuals will not contribute when the town has levied a tax for the purpose. There is a difference of opinion of lawyers in relation to the officers of the society and in the meantime Berkeley will have to suffer for it.

Mr. Butterworth, who was specially employed to coach the University of California football team for the game to take place tomorrow will leave for the East on Friday evening and carry the results of the game with him. From present appearances it would seem that the Berkeley boys have the odds in favor of winning.

UNIVERSITY NEWS.

WHAT IS GOING ON IN THE COL- LEGE AND

On the Campus—Accident to Gracie Jordan—Arrested Him for Murder.

University News.

Wednesday evening, December 4th, the University Glee Club will give its first concert for the season in Stiles Hall. Dr. Gilbert Graham of San Francisco will sing a solo. Extra rehearsals are now being held by the club preparatory to the trip, which will be made in the Southern part of the State during Christmas vacation.

It has been decided to postpone the "Trilby" debate, which was to be held December 4th, for a few days, in order that the Glee Club may hold its concert on that date. J. A. Elston, T. R. Kelley and F. W. Henderson will uphold the affirmative side of the question, "That 'Trilby' has the characteristics of a permanent work of art," and J. D. Hatch, A. L. Weil and J. R. Leggett will support the negative. The judges will be taken from the faculty.

There seems to be more enthusiasm than ever before over the Carnot medal debate, twelve students having already signified their intention of trying for a place on the Berkeley trio. Who will represent California will be decided in a preliminary contest January 25, 1896, the contest with Stanford coming off February 7th.

E. Lyman Hood, who has been in the missionary field for several years, addressed the Young Men's Christian Association yesterday on the subject, "Do Missions Pay?"

Marsden Manson lectured yesterday before the colleges of mining and civil engineering on "The Outlines of Sanitation and Their Application to California."

The Daily Berkeleian issued a supplement yesterday containing the best of the many football songs which have been recently written, and large half-tone cuts of the two University football teams.

Gracie Jordan Hurt.

The little daughter of County Clerk Jordan met with an accident yesterday which may cripple her for life. She started for an early morning ride on her pony, and in passing out of the gateway at her home in East Oakland she had to cross a board sidewalk. The walk was wet and slippery with dew and the pony slipped in crossing it, throwing Gracie to the ground.

The rider struck her left knee on the edge of the board walk, and cut an ugly gash in it which exposed the knee cap, muscles and ligaments. The girl gathered herself together and limped to the house. A physician was called and he stitched the wound. She will be compelled to keep to her bed for several weeks, and the physician says she will need close watching to avoid stiffness in the joint.

Arrested for a Murder.

C. J. Newell has filed an answer to the suit of Edward Hayden for \$2000 damages by reason of an alleged arrest without proper cause. Newell states that while acting as a deputy sheriff under Robert McKillican, he was informed that John McCafferty had been murdered at Grand Rapids, Minn., and that the party supposed to have committed the murder was a fugitive from justice. Newell says that he was furnished with a printed description of the suspected murderer by E. L. Wheeler, a detective from Indianapolis. About April 2, 1894, Wheeler pointed out plaintiff to Newell as a man who answered the description, and stated that he was the man wanted, and desired the defendant as a deputy sheriff to detain him. Acting upon this direction he arrested the person supposed to be the plaintiff, who gave the name of Edward Cleary. Newell says that he acted without any intention of wronging the plaintiff, but upon information and upon probable cause.

A Good Dinner.

It is not everybody who knows where to get a good dinner when visiting a strange place. Those coming to Berkeley and who have no particular friend's house to visit, will find an extra layout tomorrow at quite a number of places in Berkeley. At the Golden Sheaf bakery, California and Acheson hotels, Martin's (successor to Fonzo's Cafe), East Berkeley; Grand View and Thompson's hotels at North Berkeley; Wright's bakery at Dwight way and the Franklin hotel at West Berkeley can be had meals that will please the every day traveler.

Similar to all other places in one respect only and that is it being Thanksgiving day extras will be on the table. At any of these places you can always get a good meal whatever day in the week you may call. What is more information for visitors in town is that you do not have to pay extravagant prices for what you get.

A decision of the Supreme Court of Missouri yesterday states in relation to the railroad strikers, "They are free men and have the right to quit the employ of the railroad company whenever they see fit to do so, and no one can prevent them, and, whether this act of quitting is unwise, just or unjust, it is nobody's business but their own. And they have a right to use fair persuasion to induce others to join them in quitting. But when fair persuasion is exhausted, they have no right to resort to force or threats of violence."

Low rates for carrying passengers and freight does not bring sunshine in every door. Vallojo now has a ten-cent passenger rate between that city and San Francisco. The consequence is people come to the latter place to purchase instead of doing so at home. They contend that this injury to the merchants is caused by the very people who made their money out of the Vallojo merchants.

That D. R. Wentworth, the shoe manufacturer of West Berkeley has more orders than he can fill immediately. He will probably have to enlarge his factory again.

A wooden culvert is being placed across the track at Addison and Third streets, West Berkeley, by the Southern Pacific Company.

Frank O'Brien has some twenty pound turkeys which will be disposed of this evening in the usual way. They are daisies.

The examination of James Bradley, arrested for burglary, was postponed this morning, in Justice James' Court, until Friday morning at 11 o'clock.

This afternoon a northwest wind cleared the sky of clouds and the outlook at present is for a fair weather day tomorrow.

That Durrant listens very attentively to the reading of the affidavit prepared by his counsel for a new trial as it is being read in court.

That because Mr. Cotton has the Eureka Mill to himself now it is a reason for calling it a cotton mill.

That Bradley makes his confession as he stole the goods-piece by piece.

That the drop in beer is only one drop more.

That the track walker often finds a screw loose in the railroad and he does not not have wheels in his head either.

A chicken dinner for 25 cents. The ladies of the West Berkeley Presbyterian Church will give a dinner as above at Taylor's Hall on Tuesday next. Hours from 11 to 1 p. m. and 6 to 9 p. m.

If you want your house painted or your walls tinted or a handsome sign painted, by all means give Myles & Berkeley the contract. They are located at the Stockyards, third house east of railroad track on Dalton street. Carriage painting a specialty. 172

Turkeys, Turkeys, Tuekeys, groceries, produce, fruits, vegetables, fish, oysters, candies, etc., at D. & D. Co., East Berkeley. 12

When you take the electric cars to go to Oakland get off at Thirteenth and Washington and turn to your left, and stop at 1153 Washington street at Mrs. L. C. Marvin's Hair Parlors. Mrs. Marvin also keeps a ladies' employment office; select help; best of references. 164

A mother's care and a good home will be given to two or three children by applying to W. C. Davis, Folger avenue near San Pablo avenue, Stockyards. 159-1m

NOT BURGLARS.

THE CALLER'S AT REV. PEARCE'S HOME

Left a Bountiful Supply of Good Things for Thanksgiving—Other News.

Surprise and Donation Party.

A pleasing excitement was created on Delaware street, between Fifth and Sixth, last evening about 9 o'clock, at the home of Rev. Henry Pearce and family.

Tuesday evening being Epworth League night the minister and family had gone to the meeting. After their departure several designing members of the congregation got the key from its hiding place and entered the house, and proceeded forthwith not as burglars but as good Samaritans to stock the larder with an ample supply of the necessities of life.

Mrs. Pearce, accompanied by Miss Gertrude Heywood, arrived at the door first and endeavored to open the door, which being already unlocked the key did not appear to spring the lock; on turning the knob, however, the door opened, and Mrs. P. was lamenting the fact of forgetting to lock the door—as she supposed. A low light was in the kitchen, and it was evident a burglar was in the house. Miss Heywood, who was in the secret, boldly advanced, and was timely followed by her companion, and found not a burglar but that "sister in Israel," Mrs. Mason, quietly rocking in an easy chair.

To say that the pastor and his wife were surprised and delighted only feebly expresses their satisfaction.

In Holiday Attire.

Mr. C. Demetarak in speaking of the approaching holidays says, "Holidays are coming and we are preparing for them. Our store during the holidays will be the cream of all. We are going to sell you good goods and cheap. We not only talk but we mean business."

In our grocery store we have received a new stock of fresh goods; canned goods, extracts and spices. Our teas and coffee cannot be beat either for quality or prices, anywhere. Our hams and bacon are as sweet as sugar and cheaper than elsewhere. Now in butter and eggs we will have a large supply. Our butter has been selected from the best creameries and our eggs are being daily received from Berkeley and San Pablo. Furthermore we guarantee them. Our raisins are the best grown at Fresno. We have all kinds of this year's growth that are equalled by none. We have enough to supply everybody in Berkeley. The sales upon fruit and produce have proved that we are the largest dealers in the town. Our stock is of the largest kind kept in accordance with the season. We have received a lot of lemons, limes and oranges of very good quality for this time of year, also apples, pears, grapes, and bananas. Berries are somewhat short now but anybody who desires them will be supplied if they give orders in advance.

Our vegetable department will be selected with the greatest care and always fresh. Our lettuce and celery are crisp and delicate, also beans, peas, lima bean sprouts are fine and a plenty of them.

There is now on hand 800 sacks of the best potatoes raised in the State of Washington which we will sell to you for one dollar per sack and satisfaction warranted. A little garlic, good for the breath after eating turkey can be had with the other things.

In squashes we have four tons of the finest for pies and enough to supply the whole town. Our fish market will not be so well supplied but parties desiring can have anything they want by giving their orders before wanting. Fresh oysters, crabs and shrimps will hereafter always be on hand. We keep candies in small quantities but good, fresh and cheap. Cigars and tobacco of all kinds in quantities to suit.

LOOK OUT FOR TURKEYS. We have a contract for the holidays, either alive or dressed, both gobblers and hens of extra good quality, will be sold at going rates. You don't have to go out of town for them. Give your orders early so we can select the best for you.

CRANBERRIES. CRANBERRIES. Plenty in our place, also chickens and game. After all don't forget we have the finest cider ever made on the Pacific Coast. We have sold during the past month about 400 gallons of it. That is not so very much but a good deal for the town. Those who bought once, buy again and again. Our stores are at the corner of University and Shattuck avenues. C. DEMETARAK. Successor to the D & D Company.

Murray's Coal Yard.

Is the place to go if you desire to get the best of coal, full weight and at lowest rates, also hay and grain. Eighth street near University avenue. 160

The GAZETTE has one of the best appointed newspaper and job offices in the State, outside of San Francisco, and only the big dailies can beat us there.

A social will be given for the benefit of the kindergarten school, corner of Eighth street and University avenue, on the evening of December 5th. Admission 25 cents.

J. C. H. Winter was made happy on the 25th of November by his wife presenting him with a son. He will give thanks a little more earnestly tomorrow.

The Pacific States Savings, Loan and Building Company has sued Rudolph Armstrong and others upon a note for \$3000 secured by a mortgage upon a lot at Berkeley.

Property owners of Lorin have organized the Adeline Sanitary district for the purpose of sewer construction. The district is bounded by Adeline street, Shattuck avenue, the south line of Berkeley and the line of the McElrath and Brummagen tracts.

Last evening at about 8 o'clock two or three hundred students made the air ring on Shattuck avenue with their class yells and football songs. If the Berkeley eleven does not win the game it will not be because their fellow students are not enthusiastic.

The following named gentlemen have been appointed to take charge of the subscriptions and arrangements for the Republican National Convention on behalf of Oakland Township: S. D. Metcalf, W. A. Nash, C. H. Spear, J. W. Stricker, F. K. Shattuck and J. L. Barker.

The North Berkeley Congregational church was filled last evening, upon the occasion of the second song recital of Miss Kate F. Byrne, assisted by a number of well known artists. All present spent a most delightful evening, as the different pieces both vocal and instrumental were exceedingly well rendered. These song recitals are becoming very popular, and it is hoped that they will be given frequently throughout the winter.

The scholars of the West Berkeley Methodist church, assisted by outside talent, will give an entertainment at the church this evening for the purpose of raising funds to purchase a Christmas tree and its trimmings. A fine program will be given, after which refreshments will be served. The admission will be 25 cents, which will include refreshments. Members of the Sunday School free.

Early this morning the much wished for rain commenced to come down in generous quantities, and it continued until about 9 o'clock, giving the ground a thorough wetting. It is hoped that the weather will be fair tomorrow, both on account of the laying of the corner stone of the First Presbyterian church and on account of the football match. Not so much on account of the game, for the boys will play rain or shine, but on account of the attendance, as the boys have been at considerable expense and they need the gate receipts badly.

GENERAL DICKINSON

PRESENTS AN AFFIDAVIT OF 250 PAGES

Setting Forth the Reason Why Theodore Durrant Should have a New Trial.

Special dispatches to the GAZETTE. Not Yet Sentenced.

San Francisco, Nov. 27.—Theodore Durrant, looking genteel, well nerved and contented, appeared before Judge Murphy for sentence this morning. As soon as the case was called General Dickinson was on the floor and commenced to read an affidavit which appeared to be the foundation for a new trial. The affidavit covers 251 pages and it will take all the rest of the day to read it. It sets forth that Durrant did not have a fair hearing during the recent trial, on account of the attacks that had been made upon him by the newspapers.

He laid great stress upon the fact that Mrs. Manier, upon whom he relied to testify in his behalf, refused to do so on account of the fear that she had of the newspapers. Reference was also made to the action of the Court in allowing a preemptory challenge to Walter S. Brown, a jurymen who had been examined and accepted and sworn in to try the case. When General Dickinson gets through reading his affidavit District Attorney Barnes will present a counter affidavit, after which arguments will be made by the attorneys on both sides.

Will Be Permitted to Pass.

Constantinople, Nov. 27.—The Porte has decided to issue a permit for the passage to the Dardanelles of the extra vessels of Great Britain, Austria, Italy and Russia. This will end the dangerous situation that has become almost unendurable.

By the Pistol Route.

Milwaukee, Nov. 27.—Peter McQuojch, one of Milwaukee's best citizens shot himself here at noon today. It is supposed that his brooding over the fact that his wife had applied for a divorce from him, caused him to commit the rash act.

Won the First Skirmish.

San Francisco, Nov. 27.—R. Spreckles won the first skirmish today in the suit brought against him by his son, Judge Slack having sustained the demurrer to the complaint.

Has Not Confessed.

Minneapolis, Nov. 27.—There is no truth in the published reports that young Heywood, the condemned murderer, has made a full confession. He has not made a confession of any kind.

What Lemons Will Do.

Lemonade from the juice of the lemon is one of the best and safest of drinks for any person, whether in health or not. It is suitable for all stomach diseases, excellent in sickness, in case of jaundice, gravel, liver complaint, inflammation of the bowels and fevers. It is a specific against worms and skin complaints. Lemonade juice is the best anti-scorbutic remedy known. It not only cures disease, but prevents it. Sailors make daily use of it for this purpose. We advise people to rub their gums with it to keep in a healthy condition. The hands and nails are also kept clean, white, soft and supple by the daily use of lemon juice instead of soap, it also prevents chilblains. Lemon is used in intermittent fevers, mixed with strong black coffee without sugar. Neuralgia, it is said, may be cured by rubbing the part affected with a cut lemon. It is also valuable to cure warts. It will remove dandruff by rubbing the roots of the hair with it. It will alleviate and finally cure coughs and heal diseased lungs, if taken hot on going to bed at night. Its use is manifold, and the more we employ it internally the better we shall find ourselves. A doctor in Rome is trying it experimentally in malarial fevers, with success, and thinks that it will in time supersede quinine.

Today is the time set for hearing the motion of General Dickinson for a new trial for Theodore Durrant. The result of the motion will be found in our telegraphic column.

The weather prophet predicts rain for tonight and again for tomorrow. We hope that he will be right this time and that fine weather will tomorrow.

TOWN OFFICIAL PAPER.

WEDNESDAY, NOVEMBER 27, 1895.

The GAZETTE will be pleased to receive personal or society notes, news of engagements, weddings, parties, etc. Contributors should sign their correct names and addresses, not for publication but as evidence of good faith. Address all communications to the editor.

NO PAPER TOMORROW.

Thursday, November 28th, having been set apart by Grover Cleveland, President of the United States, as a day of Thanksgiving, for the many benefits and mercies that the people of this nation has received during the past year, the publishers of the GAZETTE and the employees, who have also reason to be thankful, will heed the advice of the President and take tomorrow as a day of thanks and feasting, consequently there will be no paper issued from this office until Friday evening.

THANKSGIVING DAY.

Thursday, November 28, 1895, has been set apart, both by National and State authorities for the purpose of returning thanks to Him who doeth all things well, for the many blessings bestowed upon the world during the past year.

While the majority have particular cause to return heartfelt thanks, there is a minority who cannot do so with the same heartfelt interest. They feel that the weight of woe has been almost too heavy for them to bear, and want of faith has kept their hearts in what is generally termed a hard condition.

It takes time, however, to even up all matters of this kind, and sooner or later the heart is softened, and it is found that mortal man was in the wrong. It is then that repentance works with effective power, and the temporary denation from the right track is corrected, and the fact that God is love becomes as clear in sight as the noonday sun.

When it comes to small numbers or single individuals perhaps the proprietors of the GAZETTE have as much to be thankful for as anybody. It is due to much labor, and constant attention to the object in view that has brought about the success attending the paper. This very labor is soothing to the conscience, and when that is at ease nothing will hinder it from working for all that is good. Therefore, it is with a clear conscience that the aforesaid individuals feel like giving thanks coming from the innermost recesses of their hearts for blessings which have come to them. And it is done so with true intent and meaning.

Doubtless millions of others are on the same plane and are in the same frame of mind. It were well that the whole world could be classed as a unit in the matter.

Berkeley has certainly seen a year of prosperity. Everything has gone forward. Our people have improved in the various ways of the world to a greater extent. In all branches of labor as well as in professional life there has been an improvement over the previous year and for that the people are thankful. Our schools and our manufacturing go hand in hand to a higher elevation, and while the immediate persons have met with success the general public feels in sympathy a thankfulness which is included in other matters to be thankful for.

Our State has also been more successful this year than the one just gone by. In all the various occupations which go to make up a whole there has been a union of sentiment and the joining of hands to move on the road leading higher, and for this all should be gratified in their hearts. The United States, as a nation, has gone upward in the scale and continues floating in the same direction. Not to go backward is something that should make us have a feeling that is wonderful kind. Then how much

greater is that good feeling when the tendency tending to more happiness is in our favor.

All of these things being duly considered the prayer of thanks, with all that it means from an honest heart, should ascend to the throne of grace from which we are taught that all blessings flow.

FALLS UPON WORTHY SHOULDERS.

For several weeks the air has been filled with rumors of changes in the Alameda newspapers, and from late events it seems that the rumors were true, for the announcement is made that on Monday next James W. Travers will assume the editorship and management of the Alameda "Encinal," one of the oldest papers in the county. While it is with the utmost regret that we see Brother Krauth leave the journalistic field, and especially the "Encinal," there is not another man in the State upon whose shoulders Mr. Krauth's mantle could fall more gracefully, and we congratulate the people of Alameda upon having Mr. Travers come among them, as he is a young man full of life and energy, and up to date in all of his ideas, and more than that he is one of the best all round newspaper men in the State, who has malice toward none, and charity and brotherly love for all. The GAZETTE congratulates Alameda upon securing Mr. Travers, and here is our Jim upon your advancement in the newspaper world, for you have won your spurs honestly.

THE Executive Committee of the Alameda County Exposition held a meeting in Oakland last evening, and among the reports was one from Berkeley. Mr. Street, who had been delegated to look after the Berkeley manufacturing interests, stated that he had met with great encouragement. We are glad to know this, and hope that every manufacturing enterprise in Berkeley will have an exhibit at the Exposition, as it will not only help themselves but will be a great advertisement for Berkeley, and will be an incentive for other manufacturers to locate in Berkeley.

The Interstate Commerce Commission reports that the gross earnings of 650 railroads in the United States for the fiscal year amounted to \$1,066,022,853, of which about one third was realized from the passenger business and two-thirds from freight. The operating expenses were \$677,677,630, leaving net earnings for the same roads in 1895 was \$320,137,670.

Lightning and Trees.
Lightning does seem to show a partiality for certain species of trees and even for individual trees of that species. "Lightning pines," with the marks of two to four successive strokes, can be seen in many parts of our parklike southern Alleghenies, and I noticed that such trees are by no means always the highest of their immediate neighborhood. Are there things besides iron that attract the electric fire of the clouds? One is tempted to such conclusions in viewing the deep spiral scars an inch and a half wide that extend from the top to the very root of the tree and perhaps underground to the tips of the roots. The bark along the course of the destructive fluid has been ripped out, as if with a sharp cutting instrument, and three such spirals crossing and recrossing each other, like the straps of a Mexican sandal shoe, can often be seen on the same tree.

Oaks and certain species of pine seem to be most frequently singled out in that way, elm trees and cedars next, and laurels so rarely as almost to justify the pagan belief in the protective intercession of Apollo. Plants with evergreen leaves and widespread rather than towering boughs appear to enjoy a special immunity.—St. Louis Globe-Democrat

Ate His Own Cake.
"I remember," said a former surgeon in the Confederate army, "General Mahone as he appeared before Petersburg in 1864 and 1865. He was already famous throughout the army for his fighting qualities, for his peppy temper and for his many eccentricities."

"My duty as surgeon took me frequently past his headquarters, and one morning I saw Mahone pacing solemnly up and down in front of his tent, while a negro man sat in the doorway gorging himself with fresh baked biscuit. I turned to an officer who was looking on at some little distance and asked the meaning of the strange performance at Mahone's tent. Then came the explanation that the negro had baked a pan of sour and heavy biscuits for breakfast, and Mahone, by way of an object lesson, had set the cook down to eat all of his own product. The negro ate away as fast as possible, and Mahone kept up his patrol until the last biscuit disappeared. The performance was characteristic of the eccentric but determined little man who hit upon this strange method of punishment."

Triumph of Science.
Beelzebub—Alas, young man, you have sinned away your day of grace, and we are rejoiced that we have the pleasure of dumping you into the new combination brimstone pit prepared for sin de siècle youths—

Young Suckley—Whew! By George, ole man, this 's immense. Where'd ye strike that brand?

Beelzy—Aren't you frightened, you lost sinner—

"Frightened? Nit! Say, could ye sell me a gross of them? What are they—straight cut, hand rolled?"

"Do you trifle with your soul at such a time and place?"

"Trifle nothing! A man who could make a smoking room smell like this on earth could corner the cigarette market for 100 years. By jinks, this is immense!"—Cleveland Post.

The Servant Question In Africa.
The domestic servant at home is sometimes irritatingly exacting, but she is not a patch on her sister in South Africa. It is learned from the Johannesburg Times that the white domestic in that now populous center requires, like the navy on the mines, several Kaffirs to wait on her. She insists on having every evening to herself, and promptly gives notice if she is not granted the major portion of every Sunday in the year. She holds levees in her kitchen openly, and treats her many friends to the very best in the house, for no mistress in Johannesburg dares to lock the pantry or the cupboards.

In Emergency.
A young tenor was recently admitted to a hearing at one of the first lyrical theaters in New York. He sang, and at the third or fourth note the manager stopped him. "There, that will do," he said. "Leave me your address. I will bear you in mind in case of emergency." "But what do you call a case of emergency?" "Well, supposing my theater got on fire." "Eh?" "Yes. I should engage you to sing out: 'Fire! Fire!'"—New York Journal.

Scotch "Ball."
General Wade constructed military roads in the highlands of Scotland. An obelisk was constructed to commemorate his achievements, and which was inscribed the following "ball," intended to distinguish between natural tracks and made roads:
Had you seen these roads before they were made
You would lift up your hands and bless General Wade.

Right In Line.
"If there is anything I like," said he to his wife, "it is a woman who knows enough to be a good listener." Whereat the servant girl at the keyhole could not repress a smile of satisfaction.—Albany Argus.

The most generous vine, if not pruned, runs out into many superfluous stems and grows at last weak and fruitless; so doth the best man if he be not cut short in his desires and pruned with affections.—Bishop Hall.

Corpses once meant a body, whether living or dead. Many old wives are extant in which the sheriff or his deputy is commanded to bring the corpse of such a man into court.

An authority on cats says that blue eyed cats are always deaf and that pure white ones are afflicted in the same manner.

Now is the time to buy your cloaks capes and suit. By purchasing \$15 worth of goods at our establishment we will present you, free of charge, with an order for one-half dozen Haussler's photographs. Palace Cloak Co., 1009 and 1011 Washington street, between 10th and 11th streets, Oakland.

They are all bought for cash at the very lowest price, and will be sold for cash, with a very small profit added.

We can afford to sell goods lower than the city stores, because our expenses are so much less.

Give us your order now, and we will fill it cheaper than you can procure it on this coast.

We mean what we say. Many have tried it, why not you. Anything you want, from a Penny whistle to a Piano. 14

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest cabinets in the land for \$3 per dozen and has a large Berkeley patronage. 102
